Cloud certification: AWS certified developer

Databases: MySQL, PostgreSQL, MongoDB.

DevOps tools: Jenkins, Git, Maven, Docker, Bash Scripting.

Languages: English (Fluent), French (B2 Advanced)

EXPERIENCE

Full stack Developer, Mgm-Technology partners

London, UK (Remote)

06/2022 – present

- Successfully developed a travel expense claim system from scratch and drastically reduced the effort required to handle travelling expenses claim processes.
- Gathered requirements from different business users and translated them into JIRA tickets.
- Worked closely with UX team to create fluid and seamless user interfaces.
- Refactored **React** and **Java** software components to increase code base maintainability.
- Reviewed code to ensure quality and project guidelines are respected.
- Tested **React** and Java software components with **Mockito**, **Junit**, and **Jest**.
- Trained and on boarded new developers on the project.
- Documented architecture changes and coding guidelines.

Key Achievements

- Reduced cloud cost by 30% by adopting a serverless architecture.

Full stack Developer, Cognizant (Ei-technologies)

Grenoble, France

05/2021 – 05/2022

- Developed and maintained a product description tool for Schneider to automate product description generation, and the verification of product description quality.
- Enhanced and maintained the system in production to introduce new features.
- Performed unit and integration tests on new software components to ensure new software meet quality assurance standards.
- Implemented a **CI/CD pipeline** that saw an increase in shipping new features to production.

Key Achievements

- Refactored and optimised code that led to an augmentation of the global application performance and 20% reduction in loading time.

Education

Msc Informatics, Université de Grenoble Alpes

Grenoble, France

10/2019 – 07/ 2020

Msc Software Engineering, Université de Constantine

Constantine, Algeria

09/2017 – 06/ 2019

Bachelor's degree in Software Engineering, Université de Constantine

Constantine, Algeria

09/2014 – 07/ 2017
